

Light Efficient Design

LED-8146M

facilitates dark sky compliance

The corn cob style lamps put no light down to the ground/street

angled panels

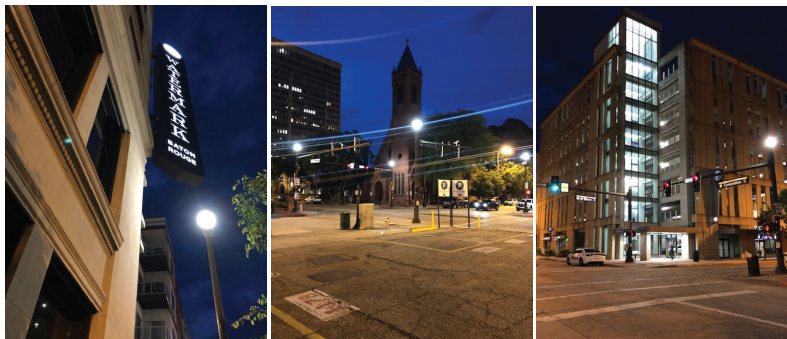

... blew away the competition in side-by-side test

— RICKY NOTO NOTOCO

65W | HIGH PERFORMANCE POST TOP RETROFIT

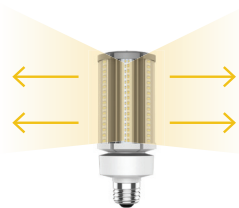

DOWNTOWN BATON ROUGE, LA

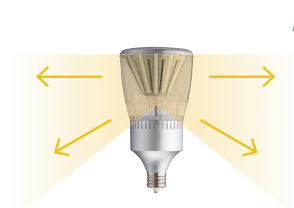

ABOUT THE PROJECT

- 230 fixtures
- Fixture height varied 20'-30' estimated
- Replaced HID lamps ranging in wattage 175W to 250W
- Outperformed 3 competitors in delivered lumens on-site testing

The other guys post tops throw light side-to-side & up.

Our high performance post tops throw light out & down to the street/sidewalk
